FOCUS INTERNATIONAL

12th TO 14th JULY 2019

Whether you are an artist, manager, producer, disseminator, programmer, corporate, journalist or simply curious, we would love you to join us from 12th to 14th July at the Professionals' Village to take a close look at how the cultural sector has developed from an international standpoint throughout key moments, workshops, training and social occasions.

The cultural sector is constantly evolving, now resolutely looking towards international expansion. Let's examine what these changes mean in terms of the nature of our work as cultural players. We'll outline, with the kind help of the speakers at Focus international, our sector as it stands today, the direction it is heading in and the change in practices that this entails.

In order to sign up for International Focus workshops, please fill the form on [Regards sur le festival OFF d'Avignon :](http://www.regards-festival-off-avignon.com/inscriptions-ateliers-du-focus-international-2019)
